THINKALLY SCHOOL MANAGEMENT SOFTWARE

Nigeria's Largest School Management Software

https://thinkally.net

THINKALLY SCHOOL MANAGEMENT SOFTWARE

Thinkally (thinkally.net) is a world-class school management software and it's the largest in Nigeria.. We'd be pleased to serve your school too. Thinkally is not just a software, it's also a marketing tool. Thinkally comes with customized scratch cards that help promote your school's brand. It also has an in-built payment gateway system that allows your parents pay school fees online.

Thinkally is Owned By The **School Owners Forum** (RC 1358789), Nigeria's Largest Training Platform for school owners, teachers and parents, with thousands of School owners And Admins **www.schoolownersforum.com**

THE FOLLOWING ARE THINKALLY UNIQUE FEATURES

1. **ONLINE SCHOOL FEES PAYMENT**: Parents can pay school fees online from the portal. That's class and convenience for the parents and prestige for the schools. Of course parents can do much more, including checking of results, bills, attendance, assignments etc, online, etc. You can disable any of the features you don't want.

2. **E-EXAMS (CBT)**: The portal has e-exams features – Computer Based Testing (CBT). Schools can conduct online exams

3. COLOURFUL DASHBOARD: Parents, teachers, admins, and every user have personalized login details to access their own dashboard, perform various tasks and generate several reports.

4. **ASSIGNMENT BANK:** There's a fully dynamic assignment bank. Teachers issue assignments from the portal, children and parents check and do the assignment, and even submit back through the portal

5. **E-LEARNING AND E-LIBRARY**

6. **FULL ACCOUNTING PACKAGE**

7. ANDROID AND IOS MOBILE APP VERSION

8. There are more than 50 modules. Check all at thinkally.net/features

## THINKALLY HELPS THE SCHOOL GENERATE INCOME

9. Another strong reason the school must use Thinkally is that you can make money it

How

The school subscribes to the Gold package which comes with one jumbo scratch card per session. This Gold Package is N500 per child per term whereas the Silver package of N300 per term. The only difference between both packages is the scratch cards. All premium features are included in both packages.

The cards are customized and will have the school name and logo and unique design. The school can sell the cards at any rate to the parents to access the portal with it. This will in turn market the school, and make more income

Here's a sample of the cards. The Cards are thicker and wider than the normal scratch cards. About 12.5cm by 7.5cm
